MADANAPALLE INSTITUTE OF TECHNOLOGY & SCIENCE
An Autonomous Institution
Report on
A Two day Faculty Development Program on
Teaching an Online Course, using Moodle LMS
Organized by MITS - IIIC
19-20 December 2014

Submitted by : Dr. Ch. Rama Prasada Rao, Dean-IIIC , Dr. Ramakumar – Autonomous Coordinator, Dr. Sudhakara Reddy - I B. Tech Incharge.

A Two-Day "**Faculty Development Program on Teaching an Online Course, using Moodle** (Modular Object-Oriented Dynamic Learning Environment) **LMS"** was organized at MITS, Madanapalle during 19th & 20th December 2014. Dr. K. Srinivas, Professor ICT, National University of Educational Planning and Administration (NUEPA), New Delhi was the resource person. Dr. C. Yuvaraj – Principal MITS gave the inaugural address for the session.

This program was arranged for the faculty members of MITS Institution as well as for the faculty members from various autonomous institutions under JNTUA, to enhance their skills on Moodle and to find the possibilities to implement the same in their respective institutions. This program helps the faculty members were to strengthen them in implementing new digital learning methodologies using Moodle LMS.

Moodle which is an open source software, which is designed to provide educators, administrators and learners with a single robust, secure and integrated system to create personalised learning environments.

During this FDP, many utilities, pertaining to Moodle were discussed more elaborately and accordingly Hands-on experience was also provided to the faculty members. The following were the some of the important topics that were covered during the two-day program. The entire faculty members were divided into two groups, viz. Teachers and Students, to enable them to understand the role of teachers and students very clearly.

· Assignment distribution & submission
· Discussion forum

Teachers told to study before teaching

Madanapalle: Dr K. Sreenivas, Professor of National University of Education Planning and Academics, Delhi, addressing a two-day faculty development programme on teaching online course using Moodle LMS Open Source Learning Management System in Madanapalle Institute of Technology and Science (MITS) here on Friday, said that before teaching a topic to the students, the teacher should make use of the material available in teaching online course.

He said that this would be very useful to the students to build a bright future. This course helps the teachers to improve their teaching skills and it was also facilitated with home work, attendance, assignments, marks list and counselling.

He said that the teachers must teach the subjects thoroughly to enable the students face competitive world confidently.

Sreenivas said that the students must be aware of using the sources available in a proper way. During interaction with the students, he clarified their doubts related online courses.

MITS principal Dr C. Yuvaraj, Vice-Principal Dr G Hamparuma, Coordinator Dr B Ram Kumar, Dean-IIC Dr CH Ram Prasad Rao, faculty from various engineering colleges participated.
