5. Clicking on Join now button, the Video conferencing will begin, and you would be able to see the following screen

6. After clicking on Join now button you would be able to see the following screen

Note: When Session Starts Switch Off Video Streaming and Microphone Off, if not you may face bandwidth issues

Before Session Starts check your Camera and the Microphone to keep working condition. Microsoft Teams may ask permissions to use Camera and Microphone. Please grant access to use device Hardware by clicking on the allow button.

Useful Tips for online sessions

Sit in a well-lit area before session beginning

Ensure that your Laptop is well charged or plugged in and switch off Microphones and Camera as well

If you need to ask a question, they may do so on the live chat option

You will be able to see other members are attending on your session.

Ensure that your device Microphone functional
