Report on
Guest Lecture on IT Industry Exposure and Preparations
Organized by Dept. of CSE - MITS
Under TEQIP II
31 March 2017

Report Submitted by: Dr S Babu, Assoc Professor, Dept of Computer Science & Engineering, MITS
A one-day guest lecture on "IT Industry Exposure and Preparations" for the 2nd year CSE students was organized on 31 March 2017 under TEQIP-II. The resource person was **Mr S Raghavendra Prasad Reddy, R&D Specialist, NOKIA Networks – Bangalore.**

The objective of the lecture was the demands of today's world from the graduating engineers. Just having a degree is no guarantee of employment, nor is it a reliable indicator of the individual's competence in a job. Rather, graduates must have current and relevant knowledge, practical experience, soft skills and a positive attitude to allow them to be competitive in the job market. They must possess the necessary knowledge and skills before they go out into the working world.

This program provided guidance and exposure to the working world, which would make students more aware of the hopes and expectations the industry.

This lecture seminar program provided guidance to students how to apply the knowledge and skills they have acquired in a real-life work situation.

This Lecture exposed students to the work environment, common practices, employment opportunities and work ethics in the field of Information Technology.
