CERTIFICATE OF INTERNSHIP

This is to certify that B.R. Anjali whose USN is 20691A0404, has completed their Full Stack Web Development Internship organised and handled by Varcons Technologies Pvt. Ltd from 21st October, 2022 to 24th November, 2022.

The person to whom this certificate is addressed to has worked on a project titled Template for Online Shopping - Specific Niche : Shoes. This project was aimed at creating fully-fledged functional web template(s) for a client of ours. As part of the project, they designed functional web pages, used databases to collect, store, and sort data, by understanding the design briefs and client specifications that were provided in the project proposal.

During the course of the internship, they demonstrated good design skills with a self-motivated attitude to learning new things. Their performance exceeded expectations and was able to complete the project successfully on time.

As part of the course, you will receive access to the course materials, including the course content, assignments, and quizzes. You will also receive access to the course forum, where you can ask questions and get help from the instructor and other students.

Google Data Analytics

There are four main components to the Google Data Analytics Certificate: the course content, the assignments, the quizzes, and the final exam. The course content is the foundation of the certificate, and it covers a wide range of topics, including data analysis, data visualization, and data storytelling. The assignments are practical exercises that help you apply the concepts you learn in the course. The quizzes are short tests that check your understanding of the course content. The final exam is a comprehensive test that covers all the topics in the course.

The certificate is awarded to students who complete the course with a grade of 70% or higher.

The authors speculate that the correlation may be an artifact from the fact that larger, more complex, and less exclusive markets are not equivalent to an expanded market. For example, in the online marketplace, there are 100,000 products available at the same time. This correlation does not further allow us to draw conclusions or suggest that it does not imply the validity of the current.

CERTIFICATE OF INTERNSHIP

This is to certify that B Gayathri whose USN is 20691A0448, has completed their Full Stack Web Development Internship organised and handled by Varcons Technologies Pvt. Ltd from 5th November, 2022 to 19th December, 2022.

The person to whom this certificate is addressed to has worked on a project titled Website for a Cafe- Leisure Square. This project was aimed at creating fully-fledged functional web template(s) for a client of ours. As part of the project, they designed functional web pages, used databases to collect, store, and sort data, by understanding the design briefs and client specifications that were provided in the project proposal.

During the course of the internship, they demonstrated good design skills with a self-motivated attitude to learning new things. Their performance exceeded expectations and was able to complete the project successfully on time.

Dec 28, 2022

Vandadi JohnVijay

has successfully completed the online, non-credit Professional Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specialization named in this certificate may differ in material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a university grade, course credit or degree, and it does not verify the identity of the learner.

CHIMBILI MURALI KRISHNA

has successfully completed the online, non-credit Professional Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the individual courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the holder.

It is important to note that the authors of this paper do not claim that the results of this study are generalizable to all cases of child sexual abuse. The authors acknowledge that the study has several limitations, including the use of a convenience sample and the lack of a control group. However, the authors argue that the findings are consistent with previous research and provide a useful contribution to the understanding of child sexual abuse.

INTERNSHIP COMPLETION CERTIFICATE

This is to certify that **Mr. LEKKALA SAI VENKATA KRISHNA (21695A04A1)** from **MADANAPALLE INSTITUTE OF TECHNOLOGY AND SCIENCE** has successfully completed his internship on "**Python Developer**" at **Ekalavya Innovative Solutions Pvt.Ltd.** from **7th July 2022 to 20th August 2022.**

During this period, he was assigned work in Python development. We found him extremely inquisitive and hard working. He was very much interested to learn and willing to put his best efforts and get into the depth of the subject to understand it better. He has delivered good results and we appreciate his sincere learning throughout the training period.

We wish him all the best and success in all his future endeavors. This letter is issued as per his request.

MADDURU RAJA

has successfully completed the online, non-credit Professional
Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, student credit or degree, and it does not verify the identity of the learner.

Bangaragala Kishore

has successfully completed the online, non-credit Professional
Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
