DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

Report

**Guest Lecture
On
Future technologies for Engineers**

Date: 13/08/2020

Submitted by: Ms. Akshatha S, Assistant Professor, Department of ECE.

Attended: ECE Students & faculty (Total 215)

Venue: Online with Microsoft teams.

Resource Person: Mr. Sidharth

The guest lecture was started with a short introductory talk by **Dr. Rajasekaran HOD, Department of ECE**. He emphasized the importance of future technologies for engineers. The lecture started at 2 P.M, where the resource person **Mr. Sidharth, Assistant professor, Ranganathan college of Engineering, Coimbatore**. addressed about the future technologies for engineers. Further, he also discussed about the emerging and future technologies and the job opportunities for them.

The following are the key points discussed during the presentation:

1. Internet of Things
2. Artificial Intelligence
3. Data Science
4. Cyber Security

All the students were very happy as they learnt the importance of technologies. Also discussed how to improve their knowledge to learn about future technologies. The students also understood how the world

will be in the back of these upcoming technologies. He also gave an insight about the job opportunities for these technologies and said the platforms to learn these.

Finally, the session was concluded with a vote of thanks by **Dr. Sambashiva Rao**. The resource person was felicitated by **Dr. Rajasekaran, ECE HOD and Department faculty**.
