

A Webinar Report
on
“A Brief Overview of Thermal Power Plant”
Organised by
Department of Electrical and Electronics Engineering
on 08 -06-2021

Submitted by: Dr Aurobinda Bag, Sr. Assistant Professor, Dept. of EEE

Resource Person: **Mr. SABYASACHI PRADHAN**, Senior **MANAGER** (Electrical) at Captive Power Plant, National Aluminium Company Limited (NALCO), A Navratna PSE under Govt. of India, placed at Angul, Odisha.

Attended: Internal (115 Participants) and Outside (31 Participants)

Mode of Presentation: Online (Microsoft Team)

The webinar was started at 2 p.m. by Dr. A V Pavan Kumar, HOD, Dept. of EEE, the resource person **Mr SABYASACHI PRADHAN**, was introduced by Dr. Aurobinda Bag, Sr. Asst. Prof., Dept. of EEE. **Mr SABYASACHI PRADHAN** addressed about the brief overview of Thermal Power Plant. The Focus of preparation is to acknowledge the participants about the practical idea of a thermal power plant: -

1. The brief discussion about various NALCO plants at different place in India and its operation for the required product.
2. The overall idea about production of aluminium from NALCO Smelter Plant.
3. The discussion about thermal power plant (CPP) at NALCO.
4. A brief idea about the various units under operation and interconnection with state grid.
5. Detail discussion about layout of thermal power plant.
6. After that, the coal, using for raw material and its handling etc have been discussed.
7. A brief discussion held about different boilers and its construction and utilization.
8. The detail discussion about turbine and its utilization done.
9. A brief idea about the size and ratings of alternators used also done.
10. Detail discussion about unit transformers sizes and utilization.
11. Further detail discussion about switchyard, use of isolator, circuit breaker etc.
12. Finally discussed about use of chimney for flowing out of flue gases disposal of ash to ash handling plant, electrostatic precipitator etc. and water treatment plant for input water to boiler.

Feedback: The participants were too enthusiastic to know about the operation of thermal power plant with the session for question and answer at the end of the presentation.

5. your impression of facilities provided by the institute for interaction.

68 responses

6. Overall, the session was informative and valuable.

68 responses

7. In what ways could this interaction have been improved to better suit your needs? 33 responses

NA
-
everything is good
GOOD
Mits college gate madanapalle,angallu
..
This improve our knowledge
Explained everything...no other improvements need
If we get this type webinars more means we can get the more practical things
Gained something new
Nothing there to improve everything is good.

Department of Electrical & Electronics Engineering

Yes
No need,good interaction.
Concept helps to know more information
this session was pretty good
NO COMMENTS
Answered to our questions
The session was nice
Webinar time need to be increased
Details about the thermal power plant.
Norhing
Yes it very interesting and useful topic of thermal power plant.
Timings
Nothing was perfect
No
Asking questions and answers
It can be organised with more practical videos and all
I gain knowledge
It is a good session ,it's useful for future purpose..
Take another session in next time
Nothing

8. Any Other Comments 31 responses

No
NA
-
Nothing
no comments, thank you
GOOD
Mits college gate madanapalle,angallu
It's a good topic
Help full
Conduct program about nuclear power plant also
It's superb
Intersting
No comments . I understood clearly in everything.
